## THE FOUNDERS

ILHAM  
AL MADFAI

Ilham Al Madfai is an Iraqi guitarist, singer, and composer that first introduced modern rock instruments to Arabic music in 1961, when he initially formed his band “Twisters”, Iraq’s first rock & roll band. A true pioneer, Al Madfai has left a remarkable impact on the music industry. With his unique blend of Western guitar and traditional music, al-Madfai quickly gained notoriety in his own country and throughout the Middle East, Europe, and North America.

Following one of his performances, a spokesman for the Mesopotamia Club in California stated: “Though Ilham’s home remains Baghdad, his real home is in the hearts of his fans in every corner of this planet”.

## THE FOUNDERS

MOHAMMAD  
**I. AL MADFAI**

Mohammad Al Madfai is an entrepreneur specializing in events, artist management, and concert & music production. He founded M. Madfai Management in 1999, a leading artist management and concert production company, aiming to redefine the events and entertainment industry. That decision marked the beginning of his professional career. M. Madfai Management now boasts more than 20 years of experience in the industry as well as a portfolio consisting of a number of world-famous artists and brands, including the legendary Ilham al-Madfai, Mohammed Muneer, and Tarabband. Al Madfai also worked as a master of ceremony in over 1000 events and is, to date, one of the most prominent MCs in Jordan, having performed at events for some of the world's most well-known brands such as Pepsi, and Zain.

Throughout these years, M. Al Madfai has received wide recognition in the form of many awards, including “The Best Arabic Business Manager”, “The Platinum Album” from Virgin EMI Records, “The Best Sports Radio Show, Extra-Time” (Jordan) for 5 consecutive years, and “The Best Arabic Radio Comedy Show” for 3 consecutive years.
